

Hashem Helps Us

By: Gitty Zee

The future is unknown
So, think up, not down.
If we have no clue what's in store,
Might as well smile, not frown!

Staying positive
Can only bring good,
So, don't fret the hard times,
Don't hide under your hood.

Your problems may be great,
But Hashem is even Greater!
He surely Knows your struggle
Because He is your Creator.

Instead of spending time in worry,
Wouldn't it be smarter to pray?
The power of your tefilla
Can end your troubles any day.

Sometimes my problems
Feel like monsters under my bed;
It's hard to keep their pounding
From knocking on my head.

When that happens, I think back
To the hard times of my past,
And then I know with certainty
That this too will not last.

Sometimes things go smoothly,
And sometimes we hit bumps;
Remember to lift yourself up -
Even if you have to jump.

So, keep in mind that in your life
When troubles come and go,
Hashem is always at your side
Even when His face doesn't show.

Hashem has this under control
Even when you're really stuck;
It's all the Hands of Hashem -
Nothing happens by luck.
